

FEE STRUCTURE

FRAMIAC provides a sophisticated pricing and management tool for picture framers. It is central to the profitability of your framing business. The fee structure is as follows:

- A Framiac subscription allows Framiac software to be installed on your computer. A Framiac subscription is \$468.80* per annum.
- A Framiac subscription includes 4 CALs (Client Access Licenses). This means you may also install on up to 3 additional computers at no extra charge. This allows 4 clients to be served simultaneously. Or 4 jobs can be priced simultaneously on the same computer.
- If you wish to install on 5 or more computers, an additional fee of \$117.20* per CAL per annum applies.

Services ...

- Unlimited technical support is provided. There is NO additional charge for this support. This support is included with your subscription.
- FRAMIAC software is continually being upgraded to included features relevant to the changing needs of picture framing businesses. There is no additional charge for these upgrades. These upgrades are included with your subscription.

helping your business survive ... helping your business to thrive!
